

The ceremonial start of industrial operations of a new CCGT unit at the TPP-6 took place in Perm on August 28, 2012.

Viktor Basargin, the Governor of the Perm Region, Evgeni Olkhovik, the General Director of ZAO "KES" and the project execution partners of KES-Holding attended this event. This project is the key to the development of the power system of the Perm Region. The total cost of the project is 7.6 billion rubles.

During a tour of the new energy facility, arranged for the dignitaries of the Perm Region, a rented TourAudio TWG system was used.
